New Parents,

Welcome to St. Martin's Lutheran Preschool's Registration 2008-2009. We are looking forward to a new school year and the opportunity to provide quality childcare to families in downtown Austin. We hope that you will choose St. Martin's for your childcare needs.

Attached are the new tuition schedule, school closings calendar, and enrollment/registration form for 2008-2009. In July you will receive your final registration papers **that must be completed in full** in order for your child to begin school. Please read the following information explaining registration and fees for the upcoming year.

REGISTRATION FOR 2008-2009

Students desiring placement for the 2008-2009 school year must complete and return the attached Enrollment/Registration form along with the non-refundable annual fee to secure a place for the fall.

FULL-YEAR PROGRAM

Our program is based on a 12-month commitment for children 18-months to 4-year-olds. Classes are designed to meet the needs of children enrolled in a 12-month program. From September to May the classes follow a curriculum designed to meet the academic needs of the children. During the summer months, the school follows a more relaxed curriculum and adds units geared to summer fun.

If at any time you need to drop from the program, please let the school office know in writing 30 days before the drop date. Once we have the information in writing, your child/children will be officially dropped from our program and you will no longer be billed.

On behalf of the teaching, administrative, and support staff of St. Martin's Lutheran Preschool, we look forward to serving you and your family in the new school year. We thank you for allowing us to be a part of your child's education. We feel privileged to have your trust and confidence. We take our mission of providing the best early childhood experience for your children very seriously.

If you need additional information about registration, please do not hesitate to call us at 512-476-4037.

Sincerely,

Linda Easterwood
Director
