

TUITION & FEE STRUCTURE

2026-2027

Our Tuition Model

At SMLS, tuition is a flat rate for all children in our Toddler through Pre-K 4 programs. This rate is based on classroom ratios and will remain the same throughout your child's time with us.

The only exception is our Infant program, which has a higher tuition due to lower ratios. Once your child transitions out of the Infant program, their tuition will decrease to the flat rate and remain locked for the duration of enrollment.
